Policy: **ADULT AND DISLOCATED WORKER WIA ELIGIBILITY AND ELIGIBILITY DOCUMENTATION**

Effective Date: July 1, 2012

Policy Number: 2012-17

SUBJECT: WIA Adult and Dislocated Worker Eligibility and Eligibility Documentation

PURPOSE: To transmit policy on eligibility determination for Workforce Investment Act Adult and Dislocated Worker Program Participants

REFERENCES: Workforce Investment Act (WIA) section 101(9); TEGL 31-09 & TEGL 27-10; Workforce Investment Field Instruction (WIFI) No. 02-99, No. 09-04 , and 03-99.

EFFECTIVE DATE: July 1, 2012

ACTION REQUIRED: Within 15 days of the receipt of this policy it is the recipient's responsibility to ensure all staff are informed of the policy and to create an internal process to ensure accountability.

BACKGROUND: WIA *adult programs* are designed to meet employer needs by helping job seekers upgrade skills, obtain employment, improve job retention, and increase earnings.

WIA adult services include:

- job search, job referral, and placement assistance;
- career counseling;
- labor market information;
- assessment of skills and needs;
- individual employment plan development;
- occupational skills training;
- skills upgrading and retraining;
- job readiness training; and
- adult education and literacy.

The Workforce Investment Act (WIA) also serves *dislocated workers*. WIA dislocated worker programs are designed to meet employer needs by helping job seekers upgrade skills, obtain employment, improve job retention, and increase earnings.

The WIA dislocated worker program offers employment and training programs for eligible workers who are unemployed through no fault of their own or have received an official layoff notice. The program also provides the following specialized reemployment services:

Rapid Response

Rapid Response services provide short-term early intervention and immediate assistance with layoffs and plant closures. Rapid Response provides early intervention assistance designed to

transition workers to their next employment as soon as possible.

Rapid Reemployment Services

Rapid Reemployment Services (RRS) are geared toward unemployment insurance (UI) claimants identified as likely to exhaust benefits. Claimants who have been prioritized and referred to the Local Workforce Investment Boards shall be considered to have met the eligibility criteria for dislocated worker services.

Trade Adjustment Assistance

The TAA program provides additional benefits for dislocated workers of companies that are directly affected by increased imports or certain shifts of production to other countries. TAA petitions now trigger immediate provisions of Rapid Response and basic adjusted services available under WIA, facilitating coordinated planning and more rapid reemployment. Trade-affected workers receive notification that their Trade petition has been approved. The notification instructs them to contact the local Department of Labor for services. Making contact with the local DLLR and providing a copy of the petition approval letter meets the eligibility criteria for WIA dislocated workers.

POLICY:

This policy is intended to define local eligibility criteria for the Montgomery County Workforce Investment Act (WIA) Adult and Dislocated Worker programs. In addition, the policy will identify local documentation requirements for the relevant aspects of WIA Dislocated Worker eligibility.

Provision of intensive or training services for all WIA programs is dependent on the individual's ability to prove authorization to work in the United States. Any individual who cannot demonstrate authorization to work will not be eligible for program enrollment, intensive or training services and will be referred to the appropriate partner to assist them. All individuals regardless of authorization to work, are able to receive self-services through MontgomeryWorks centers.

Basic Eligibility Criteria

To be eligible for participation in the WIA Adult and Dislocated Worker programs individuals must at minimum:

- 1) Be age 18 or older.
- 2) Be a citizen of the United States or an eligible non-citizen.
- 3) If the individual is a male, born after January 1, 1960 who is 18 years of age or older; be registered for selective service.

WIA Adult Intensive Service Eligibility:

If an individual meets the above criteria and the following local requirements they may be considered for enrollment in the WIA Adult program, allowing them to receive intensive services. The Montgomery County WIB requires individuals meet the following local eligibility requirements for enrollment in the WIA Adult program:

- 1) Adults are unemployed or underemployed, have received at least one core service and are unable to obtain employment through core services, and are determined by a One-Stop operator to be in need of more intensive services to obtain self-sustaining employment;
AND
- 2) Are underemployed OR unemployed and have a household income at or below Montgomery County WIB's locally defined self-sufficiency levels (Reference local Policy 2012-10 on Self- Sufficiency).

WIA Dislocated Worker Intensive Service Eligibility:

To qualify for participation in the WIA Dislocated Worker Program for Intensive Services individuals must meet the basic eligibility criteria above and one of the following criteria:

- 1) Have been terminated or laid off, or who has received a notice of termination or layoff from employment; is eligible for or has exhausted entitlement to unemployment compensation; or has been employed for a duration sufficient to demonstrate, to the appropriate entity at a one-stop center attachment to the workforce but is not eligible for unemployment compensation due to insufficient earnings or having performed services for an employer that was not covered under a State unemployment compensation law; AND is unlikely to return to a previous industry or occupation;
- 2) Has been terminated or laid off, or has received a notice of termination or layoff from employment as a result of permanent closure of, or any substantial layoff at a plant, facility or enterprise; is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or for the purposes of eligibility to receive services other than training services described in section 134(d)(4) of WIA, intensive services as described in section 134(d)(3) of WIA, or supportive services, is employed at a facility at which the employer has made a general announcement that such facility will close;
- 3) Was self-employed (including employment as a farmer, a rancher or a fisherman) but is unemployed as a result of general economic conditions in the community in which the individual resides or because of natural disasters; or
- 4) Is a displaced homemaker.

Local Documentation Requirements for Dislocated Worker Eligibility:

Dislocated Workers may be eligible under one of several definitions provided by WIA and DLLR policy. Documentation required for Dislocated Worker eligibility includes documentation policies established by the WIB for:

- Unlikely to return to a previous industry or occupation, and
- Have been employed for duration sufficient to demonstrate attachment to the workforce.

1) Dislocated Workers are individuals who have been terminated or laid off, or who has received a notice of termination or layoff from employment; is eligible for or has exhausted entitlement to unemployment compensation; or has been employed for a duration sufficient to demonstrate, to the appropriate entity at a one-stop center attachment to the workforce but is not eligible for unemployment compensation due to insufficient earnings or having performed services for an employer that was not covered under a State unemployment compensation law; AND is unlikely to return to a previous industry or occupation.

The industry or previous occupation in which the individual worked will be documented by self-certification. The occupation in which the individual worked shall not only be based on job title, but on the majority of job duties identified on the applicant's referral/skills inventory form.

The Montgomery County WIB has chosen to use Labor Market Information (LMI) from the following sources to determine whether the individual is unlikely to return to his/her previous industry/occupation:

- Labor Market Information documents from the State of Maryland including: annual labor market information distributed by the state for planning purposes, Industry Information documents, and Occupation Information documents.
- Labor Market Information relating to industries and/or occupations from the EMSI database software procured by the Montgomery County Department of Economic Development and available for use by the WIB.
- Information provided by service provider case managers.

Service providers shall obtain written verification from the employer that documents the applicant's chance for recall at that particular industry.

Exceptions to the above prohibition can be granted if the applicant has a characteristic that makes him or her "unlikely to return" that can be documented and justified on the applicant's Individual Service Strategy. If this is the case, the Individual Service Strategy should be submitted to the WIB Director for approval. The Individual Service Strategy should detail the circumstances causing the participant to be unable to return to the previous occupation. Examples of exceptions would include (but not be limited to) medical or personal situations that clearly prevent the individual from returning to their previous occupation.

2) The Dislocated Worker eligibility also depends on the applicant proving that he/she has been employed for sufficient duration to show attachment to the workforce. The Montgomery County WIB accepts proof of attachment to the workforce when the applicant verifies a minimum of 30 days of previous employment within the past twelve months using pay stubs or telephone verification from the employer. As a last resort, an applicant statement of previous employment is acceptable.

Refer to Attachment 1 for appropriate and acceptable documentation.
