Section I: Program Description & Background

1. The American Rescue Plan Act

The Workforce Recovery Network RFP is supported in part by the Federal American Recovery Plan Act (ARPA) as well as funding from Montgomery County. WorkSource Montgomery (WSM) received funding from the Career Advancement Program (CAP) through Montgomery County and the Montgomery County Economic Development Corporation.

As part of the American Rescue Plan Act (ARPA), the Department of the Treasury directed \$3.7 billion in federal aid to Maryland for the State Fiscal Relief Fund. Governor Larry Hogan and legislative leaders agreed to a bipartisan funding agreement that outlined how the State's ARPA funding would be invested to help Maryland recover from the public health crisis. Efforts are being made to ensure that the funding is going directly to the people, the businesses, and programs where it will provide positive impact including efforts to improve public health, address negative economic impacts, and enhance services to those communities hit most disproportionately by the pandemic. In regard to workforce development, examples include expansion of apprenticeship and employment training programs, business support programs, and other programs and supports to assist those negatively impacted by the pandemic.

2. WorkSource Montgomery

[WorkSource Montgomery](#) (WSM) focuses on linking local and regional economic development and workforce efforts in Montgomery County, Maryland. WSM develops a deep understanding of target and emerging industry demands, creating sustainable workforce solutions that are tailored to the region. This increases the ability of individuals to compete for higher-quality jobs and employers to compete within the marketplace.

Vision:

- Economic development, education, and the system of talent development are aligned locally and regionally to sustain a vibrant economy in Montgomery County.

Mission:

- To meet the talent attraction, development, and retention needs of strategic industries.
- To meet the needs of the underemployed and unemployed.
- To develop career pathways that lead to sustainable wage jobs and support a thriving mission.

WorkSource Montgomery's Roles:

- We catalyze change in the community to build an effective workforce development system.
- We are a community facilitator and convener to identify issues and act collectively with partners to address them.
- We act as an intermediary/broker between the supply and demand sides of the workforce system about current and future skill needs to ensure mutually beneficial relationships and outcomes.
- We advocate addressing workforce development issues at the local, state, and national levels.

3. Thomas P. Miller & Associates, LLC

[Thomas P. Miller & Associates](http://www.tpma-inc.com) (TPMA) has been contracted by WSM to lead the procurement process for scoring and selecting providers to award. TPMA is a full-service consulting firm based in Indianapolis, Indiana with over 30 years of experience in workforce development activities, including helping workforce boards in third party procurements. Through analysis, alignment, and action, TPMA applies our mission statement of empowering organizations and communities through strategic partnerships and informed solutions that create positive, sustainable change to every project assigned. For more information of TPMA's experience and expertise, please visit us at <http://www.tpma-inc.com>.

As the contracted entity to lead this procurement process, TPMA serves as a separate and independent outside entity to conduct the procurement process. TPMA will review all submitted proposals and evaluate them on a scale coordinated and agreed upon by the WSM. Based on its evaluation, TPMA will submit its selections and recommendations, along with a description of the selection process and scoring justification, to the Board for approval.

4. RFP Overview

The intent of the Workforce Recovery Network funding is to support organizations serving Montgomery County residents that have been negatively impacted by the pandemic. WSM has \$1,000,000 (\$1 Million) available for year 1 and anticipates award amounts ranging from \$25,000 to \$100,000. **Requests over \$100,000 will not be reviewed and scored.**

Programs should be focused on strategic workforce initiatives that assist Montgomery County residents who have experienced hardship due to the pandemic. In addition to serving individuals negatively impacted by the pandemic the programs may also serve individuals who are: low-income, have criminal backgrounds, have disabilities, homeless, Veterans, English language learners, youth, public assistance recipients, or have barriers to employment. Programs and services targeting individuals in Montgomery County's high poverty rate census tracks as well as the communities near the pending Purple Metro Line are encouraged.

WSM is seeking proposals that are innovative and creative. Funding requests could include expansion of traditional services such as recruitment, assessment, case management, training, subsidized employment placements, internships, and supportive services. However, WSM's funding for this initiative is designed to be flexible and encourage new ways of offering programs and serving individuals in the county. Funds cannot be used for capital improvement or to purchase real estate or large equipment. Programming should fill in gaps brought to light by the pandemic, address issues magnified as a result of the pandemic, and/or expand innovative ideas piloted during the pandemic.

Examples of innovative Workforce Recovery Network projects could include, but are not limited to:

- A workforce readiness program that addresses legal barriers with micro-grants to pay license reinstatement fees, expungement legal fees, and more.
- A digital equity initiative that provides technology infrastructure through micro-grants for program participants who have demonstrated a need for broadband connection to support remote job search, remote education access, or remote work. Digital literacy skills attainment training programs to support e-commerce opportunities, virtual services and career exploration.

- Pre-apprenticeship and apprenticeship programs in high-demand industries to get individuals exposure and entry into high-wage career pathways with work-based learning and earn-and-learn opportunities.
- Education and training programs that include support for stackable credentials.
- Investment in social enterprise models to address a key community need such as childcare, transportation, food insecurity, housing, etc. that, if implemented successfully, would lead to proof-of-concept and provide opportunities to scale with additional investments from other funding sources. The models should include training and clearly define benefit to the participant.
- Initiatives related to entrepreneurship to support individuals with entrepreneurial endeavors through coaching, education, and support.
- Virtual reality learning and training models to reach underserved populations.

The selected partners will be required to provide monthly metric reports utilizing WSM's data system, WSMEdge, and quarterly narrative reports to WorkSource Montgomery. The quarterly narrative reports will inform the Board and staff of recent activities, events, successes, obstacles or challenges, and plans for the upcoming quarter. Criteria used to demonstrate performance may include, but is not limited to, total number of participants served; enrollments in education, training, pre-apprenticeship, or apprenticeship programs; employment placements; earnings; credential attainment; and supportive services rendered. In order to gather data on wider positive impact of the programming, WSM may require additional metrics. During the contracting process, WSM will work with the recipient organizations to identify appropriate performance measures based on funded programming.

5. Eligible Applicants

Eligible applicants include entities or consortiums of entities based in Montgomery County as well as those based in neighboring communities but with a clear history of effective service delivery within Montgomery county. Neighborhood-level non-profits, community-based organizations, faith-based organizations, workforce intermediaries, or training providers are eligible to apply. For-profit entities are not eligible to apply. The applicant must be able to demonstrate relevant previous experience, staffing capacity, and the commitment to successfully implement or expand a program or initiative. WSM recognizes that smaller organizations may not have the capacity to manage large, federally-funded contracts but have distinct expertise working with job seekers facing significant barriers. In this circumstance, WSM will be available to provide coaching and technical assistance to ensure successful grant management and execution.

NOTE: All applicants must disclose any potential conflicts of interest arising from their relationships with training or other service providers. In addition, all applicants must ensure that they do not and will not establish practices that create disincentives to providing services to individuals with barriers to employment that may require longer-term services, such as intensive employment, training, and education services.

Further, WSM will declare entities ineligible if they are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any State or Federal department or agency. Respondents must disclose any legal judgments, claims, arbitration proceedings, lawsuits or other legal proceedings pending or outstanding (unresolved) against the organization, its owners, officers, or principals. Respondents must comply with Section 504 of the

Rehabilitation Act of 1973, the Federal Drug-Free Workplace Act of 1988, and the Americans with Disabilities Act to be eligible.

6. Appeals Process

Any disagreements resulting from this procurement process can be addressed to: Nate' Gordon, Director of Administration & Finance, WorkSource Montgomery, ngordon@worksourcemontgomery.com. Appeals must be made within 14 calendar days of notification of non-award.

7. Fiscal Review

TPMA, in coordination with WorkSource Montgomery will also conduct a fiscal review of all qualified proposals. We will review proposal budgets, organization audits, and responses to questions related to fiscal operations. WorkSource Montgomery reserves the right to review and request further information regarding the respondent's financial situation. WorkSource Montgomery reserves the right to assess the risk posed by any recent, current, or potential litigation, court action, investigation, audit, bankruptcy, receivership, financial insolvency, merger, acquisition, or other event that might affect an organization's ability to operate the requested program.

8. Past Program Performance

TPMA may review a respondent's performance on any previous and/or existing grant agreement(s) as well as check references submitted from other grantors. Achievement of grant agreement outcomes, along with compliance with programmatic and fiscal guidelines and timelines may be evaluated. The review team may perform an in-depth evaluation of all responsive proposals based upon the criteria herein. Prior to its final funding decision, WorkSource Montgomery may also: 1) meet with representatives of the responding entity to discuss the proposed program and budget; 2) identify and/or

negotiate program or budget changes the responding entity must make as a condition of funding; and 3) identify other documentation the entity must provide as a condition of funding.

9. Accessibility and Equal Opportunity

TPMA and WSM is committed to equal access for all customers to all services. All contractors must ensure equal opportunity to all individuals. No individual shall be excluded from participation in, denied the benefits of, or subjected to discrimination under any Workforce Innovation and Opportunity Act or American Rescue Plan Act funded program or activity because of race, color, religion, sex, national origin, age, disability, English proficiency, sexual orientation, political affiliation or belief. All entities are expected to demonstrate full compliance with the Americans with Disabilities Act Amendments Act of 2008 (ADAAA) and all other equal opportunity laws. This includes ensuring contract staff receive accessibility training and may involve developing accessibility plans.
